Gloriosa Lily - Rothschildiana

Originally from Africa, Gloriosa lilies are beautiful, easy to grow, and will multiply. Glowing crimson red with a yellow base and slight yellow edge, they are a splendid low climber, easy to grow. Grows 5-6 feet high, producing many lily-like flowers of exceptional beauty over an extended period, are suitable for potting. If the flower vines are not cut, the tubers will double where they are adapted. They will take full sun, good drainage. Water well while growing and provide something to climb on like walls, fences, trellises. Lay long tubers flat and cover with soil.
